

FORM NO.8
[See Rule 56]
REPORT OF EXAMINATION OF PRESSURE
VESSEL OR PLANT

<p>1. Name Occupier(or factory)</p> <p>2. Situation and address of factory</p> <p>3. Name, description ad distinctive number of pressure vessel or plant.</p> <p>4. Name and address of manufacturer and reference to their test certificate or certificate of competent person</p> <p>5. Nature of process in which it is used .</p> <p>6. Particulars of pressure vessel or plant</p> <p>(a) Date of construction</p> <p>(b) Thickness of wall</p> <p>(c) Date on which the pressure vessel or plant was first taken into use</p> <p>(d) Maximum permissible working pressure recommended by the manufacturer</p> <p>(e) Design pressure , if known (The history should be briefly given and the examiner should</p>	
---	--

State whether he has seen the last previous report)

7. Date of last hydrostatic test (if any) and pressure applied

8. Is the pressure vessel or plant in open or otherwise exposed to weather or to damp?

9. What parts (if any) where inaccessible?

10. What examination and tests were made (Specify pressure if hydrostatic test was carried out)

11. Condition of pressure vessel or plant (State any defects materially affecting the maximum permissible working pressure or the safe working of the pressure vessel or plant)

External
Internal

12. Are the required fitting and appliances provided in accordance with the Rules?

13. Are all fitting and appliances properly maintained and in good condition? Have the pressure settings been checked and corrected?

14. Repairs, if any, required ,and period within they should e executed and any other condition which the person

<p>making the examination thinks if necessary to specify for securing safe working</p> <p>15. Maximum permissible working pressure, calculated from dimensions and from the thickness and other data ascertained by the present examination, due allowance being made for conditions of working if unusual or exceptionally severe (State minimum thickness of walls measured during the examination)</p> <p>16. Where repairs affecting the maximum, working pressure are required, state the working pressure.</p> <p>(a) Before the expiration of the period specified in (14)</p> <p>(b) After the expiration of such period if the required repairs have not been completion of the required repairs</p> <p>17. Other observations</p>	
---	--

I certify that on..... the pressure vessel or plat described above was thoroughly cleaned and (so far as its construction permits) made accessible for thorough examination and for such tests as were necessary for through examination and that on the said date I thoroughly examined this pressure

vessel or plat ,including its fittings and that the above is a true report of my examination.

If employed by a company or Association, give name and address	Signature Qualification..... Address: Dated:
